

Sabre MACHINE TOOL INC.

Quality Policy: The Cutting Edge Over The Competition!

The fulfillment of this corporate vision lies in our strong ambition to:

- ✓ Provide Quality Products
- ✓ Zero-Defects
- ✓ Sound Construction
- ✓ Cost Competitiveness
- ✓ Solid Customer Service

We, at Sabre Machine Tool Inc. have established a comprehensive quality system, which will enable our company to meet all of the requirements of the ISO 9001:2015 quality standard. Through internal procedures, clear work directives and standardized practices, Sabre Machine Tool will strive to contribute to the tooling industry a product, which is defect-free, soundly constructed, and cost competitive.

With aspirations to emerge as a leading supplier in the die, mould and fixture manufacturing industry, the communication links that are established between the staff at Sabre Machine Tool and our clientele will generate a powerful partnership. It is this partnership, which enables us to develop and maintain a line of goods worthy of our customer's patronage.

The entire Sabre Machine Tool team will adhere to the spirit and intent of this firm's quality policy, as well as the directives of this quality manual and its' supporting quality system documentation. It is our uncompromising commitment to maintain the integrity of our clientele, our staff and the industry, which we endorse. We are committed to the continual improvement of our quality management system.
